

BE 1005 Industrial Thermocouple

Protection tube

Construction	Closed-end tube
Material	SS. 304
Insertion length "L" in mm	Customer to specify
Insertion dia "D" in mm	Customer to specify
Extension length "X" in mm	Customer to specify
Extension dia "d" in mm	Customer to specify
Process connection	1/2" NPT

Connection head

Model	KN
Material	Cast aluminum
Protection Class	Typical IP65
Cable entry	PG9

Sensing element

Type	Bare wire
Construction	Ceramic insulator
Diameter	1.2mm
Length	E= L + 45mm

Element

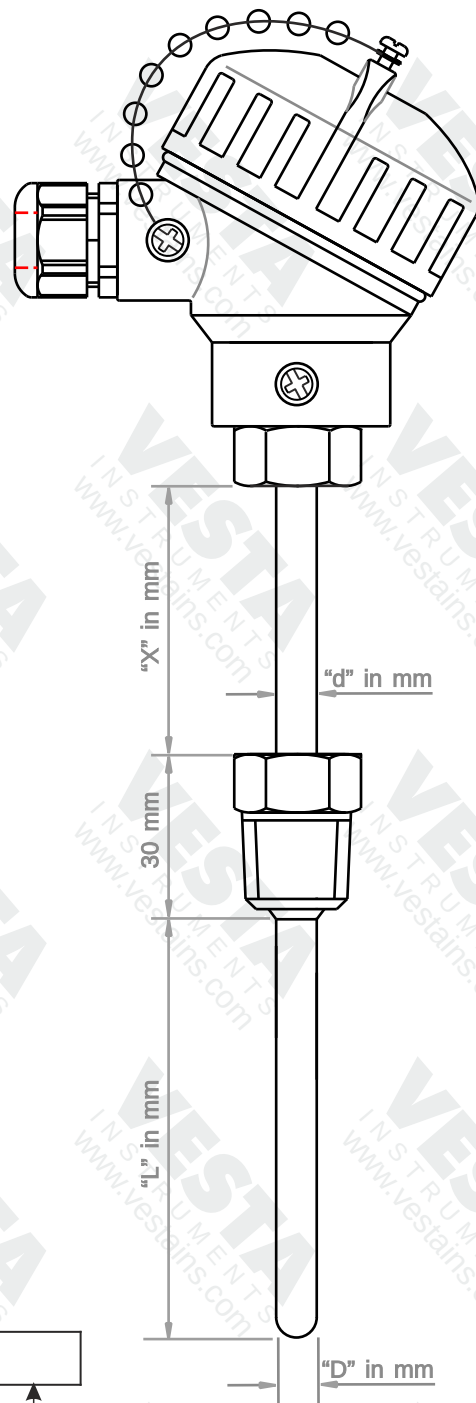

Calibration	K, J
For duplex	KK, JJ
Accuracy	According IEC 584-1 / DIN 43710

Option

Connection head	KP, DP, DN, BP
Process connection	Other connection specify
Protection tube material	SS. 316
