

SE 1051 General Purpose Thermocouple

protection tube

Construction	Closed- end tube, 6mm
Material	SS. 304
Insertion length "L" in mm	Specify by customer
Outside diameter "D" in mm	Specify by customer

Lead Wire

Material	"P" for PVC Insulated "T" for Teflon Insulated "G" for Glass fiber Insulated
Length "X" in mm	Standard 2meters (Other length specify)

Element

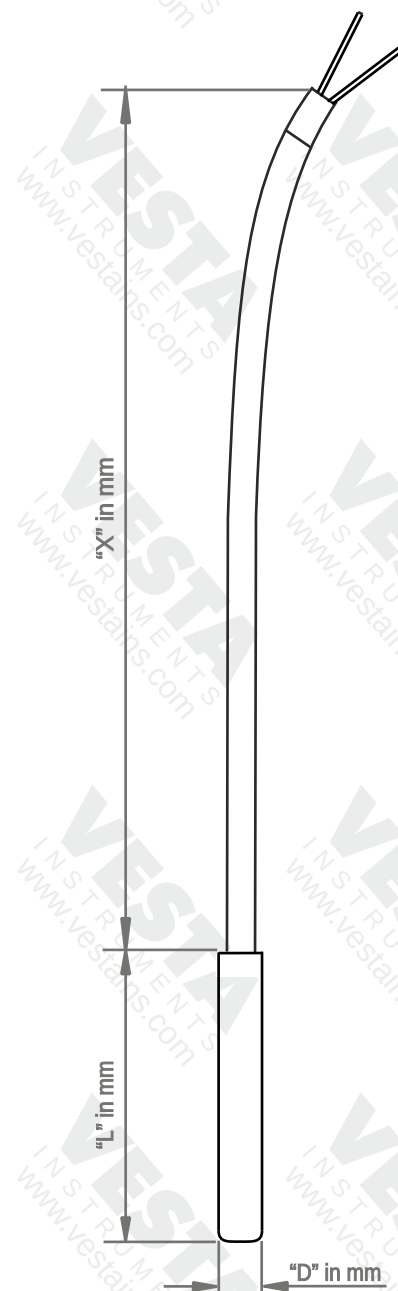

Calibration	K, J, E
For duplex	KK, JJ, EE
Accuracy	According IEC 584-1 / DIN 43710

Option

Protection tube material	SS. 316
--------------------------	---------

Orderig code

Model	SE 1051 -					
Calibration						
Outside diameter "D" in mm						
Insertion length "L" in mm						
Lead wire material						
Special option specify by customer
